Baldwin County School District Acceptable Use Policy

The Baldwin County School District supports the rights of students and staff to have reasonable access, in school, to various information formats and believes it is incumbent upon students and staff to use this educational advantage in an appropriate and responsible manner.

District Technology can be defined as any electronic device, tool, system, service, or other property owned by the Baldwin County School District.

Responsible Use

This policy outlines the guidelines and behaviors that all users are expected to follow when using technology. It is the responsibility of both Baldwin County Schools and parents to help prepare students to be responsible members of a digital society and digital citizens who:

- Understand human, cultural, and societal issues related to technology.
- Practice legal and ethical behavior online.
- Advocate and practice safe, legal, and responsible use of information and technology.
- Exhibit a positive attitude toward using technology to support collaboration, communication, creativity, and critical thinking.
- Demonstrate personal responsibility for lifelong learning.
- Exhibit leadership for digital citizenship.

Policies, guidelines, and rules refer to all computing devices including but not limited to computers, mobile web-enabled devices, iPads, MP3 players, portable memory storage devices, calculators with interfacing capability, cell phones or electronic communication devices, digital cameras, etc., as well as technology infrastructure, associated peripheral devices and/or software that access the Baldwin County Schools internet/computer network; and all computers and devices owned by the Baldwin County Schools.

Prohibited Use

Unacceptable uses of school electronic resources include, but are not limited to:

1. Accessing or Communicating Inappropriate Materials—Users may not access, submit, post, publish, forward, download, scan or display defamatory, abusive, obscene, vulgar, sexually explicit, sexually suggestive, threatening, discriminatory, harassing, bullying, and/or illegal materials or messages.
2. Illegal Activities— Users may not use the school district's computers, electronic devices, networks, or internet services for any illegal activity or in violation of any school district policy/procedure or rules. Baldwin County Schools and its employees and agents assume no responsibility for illegal activities of users while using school computers or school-issued electronic resources.
3. Violating Copyrights or Software Licenses— Downloading, copying, duplicating, and distributing software, music, sound files, movies, images, or other copyrighted materials without the specific written permission of the copyright owner is prohibited, except when the use falls within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC) and content is cited appropriately.
4. Plagiarism— Users may not represent as their own work any materials obtained on the internet (such as term papers, articles, music, etc.). When using other sources, credit must be given to the copyright holder. Users should not take credit for things they didn't create themselves, or misrepresent themselves as an author or creator of something found online. Research conducted via the internet should be appropriately cited, giving credit to the original author.
5. Cyberbullying— Cyberbullying will not be tolerated. Harassing, denigrating, impersonating, and cyberstalking are all examples of cyberbullying. Do not send emails or post comments with the intent of scaring, hurting, or intimidating others. Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime.

6. Misuse of Passwords/Unauthorized Access– Users may not share passwords; use any user account/password that is not assigned to them; or attempt to circumvent network security systems.
7. Malicious Use/Vandalism– Users may not engage in any malicious use, disruption or harm to the school district’s computers, electronic devices, network, and internet services, including but not limited to hacking activities and creation/uploading of computer viruses.
8. Avoiding School Filters– Users may not attempt to use any software, utilities, or other means to access internet sites or content blocked by the school filters.
9. Unauthorized Access to Blogs/Social Networking Sites, Etc.– Users may not access blogs, social networking sites, etc. prohibited by school administration or the Technology Department. This includes installing, using, or visiting a social media platform that is controlled or influenced by a foreign adversary, including, but not limited to TikTok, WeChat, and Telegram¹. Teachers and students using authorized social networking sites for educational projects or activities shall follow the age requirements and legal requirements that govern the use of social networking sites in addition to the guidelines established in this policy.
10. Degrade System Resources– Users shall not use the network in such a way that would degrade the performance of system resources or disrupt the use of the network by others. This includes but is not limited to excessive printing, file storage, online games, and video/audio streaming not directly related to educational projects, as determined by the supervising instructor or school administrator.
11. Unauthorized Equipment– Users may not attach unauthorized equipment, including personal laptops, tablets, and handheld devices, to the district network without permission from the school administration or the Technology Department.

Safety/Security

All users are given accounts upon entry into Baldwin County Schools. Any user account given is intended for the sole use of that user only. Each user is responsible for the security of the system. Passwords should not be shared. If a user shares a password with another, that user will be held accountable.

Users may not reveal personal information, including a home address and phone number, about themselves or another individual on any unsecured electronic medium, such as websites, blogs, podcasts, videos, wikis, or social networking sites. If users encounter dangerous or inappropriate information or messages, they shall notify the school administration immediately.

Staff may post student pictures on district/ school/classroom “public” websites as long as the student’s name or other identifying information is not included. Students’ grades, test results, or identifying pictures may be stored only on district-approved secure sites that require a username and password for authorized individuals to access.

Using electronic devices to make video/sound recordings or digital images of others without the consent of those being recorded is strictly prohibited. Restrictions against inappropriate language apply to all communication throughout the district network, including but not limited to public messages, private messages, and material posted on web pages. The use of cameras in any type of electronic device is strictly prohibited in locker rooms and restrooms.

School staff must maintain the confidentiality of student data in accordance with the Family Education Rights and Privacy Act (FERPA).

Damage/Liability

Users may be responsible for compensating the school district for any losses, costs, or damages incurred for violations of Board policies/procedures and school rules, including the cost of investigating such violations. The school district assumes no responsibility for any unauthorized charges or costs incurred by users while using

school district computers, devices, or the school network.

Expectation of Privacy

No right of privacy exists in the use of technological resources provided by the school. School system administrators or individuals designated by the Superintendent may review files, internet history logs, monitor communications/content activities, and intercept email messages to maintain system integrity and to ensure compliance with board policy and applicable laws and regulations. School system personnel shall monitor the online activities of individuals who access the internet via school-owned computers.

Terms of Use

Baldwin County Schools reserves the right to deny, revoke, or suspend specific user privileges and/or take other disciplinary action, including suspensions or expulsion from school, for violations of this policy. District and technology administration reserves the right to examine, use, and disclose any data found in the district network and/or equipment in order to further the health, safety, discipline, or security of the school community. Additionally, all handbook regulations apply to the use of the district network, internet, and electronic resources.

Disclaimer

Baldwin County Schools, its employees, and agents make no warranties of any kind, neither expressed nor implied, concerning the network, internet access, and electronic resources it is providing. Furthermore, the district is not responsible for:

- The accuracy, nature, quality, or privacy of information stored on local servers or devices or information gathered through internet access.
- Any damages suffered by a user (whether the cause is accidental or not) including but not limited to, loss of data, delays or interruptions in service, and the infection of viruses or other malware on personal computers or other devices.
- Unauthorized financial obligations resulting from the use of BCSD electronic resources.

Examples of Acceptable Use

I will:

1. Use school technologies for school-related activities.
2. Follow the same guidelines for respectful, responsible behavior online that I am expected to follow offline. Be courteous and respectful.
3. Not post any information that I would not want students, parents, teachers, or future colleges or employers to see (once something is online, it is available to the world).
4. Treat school resources carefully, and alert staff if there is any problem with their operation.
5. Encourage positive, constructive discussion if allowed to use communicative or collaborative technologies.
6. Alert a teacher or other staff member if I see threatening, inappropriate, or harmful content (images, messages, and posts) online.
7. Use school technologies at appropriate times and in approved places, for educational pursuits. Cite sources when using online sites and resources for research.
8. Recognize that the use of school technologies is a privilege and treat it as such. Be cautious to protect the safety of others and myself.
9. Help to protect the security of school resources.

Examples of Unacceptable Use

I will not:

1. Use school technologies in a way that could be personally or physically harmful
2. Attempt to find inappropriate images or content; intent to seek inappropriate images or content is a violation of this Responsible Use Policy.
3. Create a personal mobile “hotspot” or utilize a “proxy site” for the purpose of circumventing network safety measures and filtering tools.
4. Create, distribute, or deploy multi-user servers or gaming software on or within the MPS network.

5. Engage in cyberbullying, harassment, or disrespectful conduct toward others.
6. Try to find ways to circumvent the school's safety measures and filtering tools; intent to circumvent safety measures and filtering tools is a violation of this Responsible Use Policy.
7. Use school technologies to send spam or chain mail.
8. Plagiarize content I find online.
9. Post or otherwise disclose personally identifying information, about others or myself.
10. Agree to meet someone I meet online in real life.
11. Use language online that would be unacceptable in the classroom.
12. Use school technologies for illegal activities or to pursue information on such activities.
13. Attempt to hack or access sites, servers, or content that isn't intended for my use. This is not intended to be an exhaustive list. Users should use their own good judgment when using school technologies.

CIPA:

Baldwin County Schools is in compliance with the Children's Internet Protection Act (CIPA) and has installed technology protection measures for all computers in the school corporation. A technology protection measure is in place that blocks or filters internet access. This filter protects against access by adults and minors to visual depictions that are obscene, child pornography, or — with respect to the use of computers with internet access by minors — harmful to minors. The content filter does monitor the online activities of minors and may be reviewed when deemed necessary.

FERPA:

Family Educational Rights and Privacy Act: Teachers should be aware of Family Educational Rights and Privacy Act (FERPA) and applicable state laws, along with BCSD policies regarding the use of educational products and services from educational technology vendors and the use of student data. Information that is tied to individual students is referred to as directory information and non directory information. Directory information includes educational records that are generally not considered harmful to students if publicly released, such as name, age, address, and grade level. Non-directory information is educational records that are more sensitive than directory information, such as social security number, student ID, grades, disciplinary history, and attendance record. Personally identifiable information, or PII, can be either directory information or non-directory information. PII is information that, alone or in combination, is linked or linkable to a specific student that would allow a person, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty. Under FERPA, you cannot share non-directory, PII information without parental consent.

COPPA:

Children's Online Privacy Protection Act applies to operators of commercial websites and online services and limits their ability to collect personal information from children under the age of 13. COPPA allows the school to act as the parent's agent and consent to the collection of a student's information on the parent's behalf within the educational context— where an operator collects personal information from students for the use and benefit of the school, and for no other commercial purpose.

The district has the right to place reasonable restrictions on the material you access or post through the system. Students who violate the AUP will be subject to the student disciplinary code outlined in the BCSD handbook.

The Acceptable Use Policy (AUP) applies to:

- School-owned technology on the district internet/network, on non-school networks, and offline.
- Privately owned technology that is connected to the district internet/network and on privately owned networks while on school property.

BCSD Student Device Policies and Procedures

Parents/Guardians must sign that they have read and understand the BCSD Chromebook User Policy before a device can be utilized by their child. Students will be responsible for the care of the device throughout the school year. All students will be expected to use a school-issued Chromebook during the school day.

Chromebook Distribution

- Chromebook carts will be available for teacher checkout to support instruction as needed.
- Students will not be assigned 1:1 Chromebooks in 6th through 8th grade.

Chromebook Fees

- There are no Technology Fees for students in grades 6th through 8th.
- Students will be charged for each repair to a device within Infinite Campus if damage occurs when in their use or possession.
- If a device is lost or stolen, the student will have to pay \$350 to replace the device or provide a police report.

Chromebook Care & Responsibility

- All students are expected to handle and care for any device used that is property of the Baldwin County School District and do so responsibly.
- In the event of a damaged device, parents or guardians will be held liable for repair or replacement expenses as listed in the “Chromebook Fees” section above.
- Any intentional damage(s) will lead to financial consequences, disciplinary action in accordance with the Student Handbook, and a potential tribunal referral.
- All students must abide by all applicable policies as listed in this handbook.

Admission Requirements

To be admitted in any Baldwin County School a student must present:

- Proof of residence/mortgage/lease with an address and a utility bill showing current service address. (Must be in the parent/legal guardian's name.)
- A certified copy of his/her birth certificate.
- A social security card or waiver.
- An up-to-date immunization form showing the expiration date. (A certificate can be secured from local physicians or the county health department. The school cannot accept a certificate that is not on the state form.)
- Proof of guardianship if not living with natural parents.
- Proof of prior school enrollment, if a transfer student. A withdrawal form and unofficial transcript or report card will provide proof of prior school enrollment.

Student Withdrawal (GA State Law)

Mandatory attendance in a public school, private school, or home school program shall be required for children between their sixth and sixteenth birthday. Such mandatory attendance shall not be required where the child has successfully completed all requirements for a high school diploma.

- Any minor OVER the age of mandatory attendance (16-18) who has not completed all requirements for a high school diploma who wishes to withdraw from school must have the written permission of his or her parents or legal guardian prior to withdrawing. Prior to accepting such permission, the school principal or designee shall convene a conference with the child and parent or legal guardian within two school days of receiving notice of the intent of the child to withdraw from school. The principal or designee shall make a reasonable attempt to share with the student and parent or guardian the educational options available, including the opportunity to pursue a general education development (GED) diploma and the consequences of not having earned a high school diploma, including lower lifetime earnings, fewer jobs for which the student will be qualified, and the inability to avail oneself of higher educational opportunities.

Attendance Policy

Regular school attendance gives children a solid foundation for a happier and more successful future. Everyone benefits when children attend school regularly. Parents can and will influence their children's attitude toward school and learning through what they say and more importantly, by what they do. We need everyone to work with us in making this aspect of school a total success.

Attendance Policy for Students

- Students who are under the age of 16 are covered by the State of Georgia Compulsory Attendance Law (OCGA 20-2-690.1). This law requires students to **regularly** attend school until their 16th birthday.
- The Georgia Compulsory Attendance Law requires that the School provide each parent/guardian a written summary of possible consequences and penalties for failing to comply with the compulsory Attendance Law. - If an emergency arises, arrangements will be made for getting students to a doctor/hospital via ambulance. If a student is carried to a doctor or the hospital, the parent is notified immediately and is expected to come and assume responsibility for the student.

School and Your Driver's License: What you need to know

Visit Link for more information <http://www.dds.ga.gov/teens/index.aspx>

ADA Grievance Procedure

The Baldwin County Board of Education has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints alleging any action prohibited by the U. S. Department of Justice regulations implementing Title II of the Americans with Disabilities Act. Title II states, in part, that "no otherwise qualified disabled individual shall, solely by reason of such disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination" in programs or activities sponsored by a public entity. Complaints should be addressed to the Director of Programs for Exceptional Children, who has been designated to coordinate ADA compliance efforts.

- Complaints should be filed in writing or verbally, contain the name and address of the person filing it, and briefly describe the alleged violation of the regulations.
- A complaint should be filed within ten (10) days after the complainant becomes aware of the alleged violation. (Processing of allegations of discrimination which occurred will be considered on a case-by-case basis.)
- An investigation, as may be appropriate, shall follow a filing of complaint. A local school representative shall conduct the investigation. These rules contemplate informal but thorough investigations affording all interested persons and their representatives, if any, an opportunity to submit evidence relevant to a complaint.
- Under the Department of Justice regulations, the Baldwin County Board of Education needs not process complaints from applicants for employment or from applicants for admission to post-secondary educational institutions.
- A written determination as to the validity of the complaint and description of the resolution, if any, shall be issued by the Director of Programs for Exceptional Children and a copy forwarded to the complainant no later than ten (10) days after its filing.
- The ADA coordinator shall maintain the files and records of the Baldwin County Board of Education relating to the complaints filed.
- The complainant can request a reconsideration of the case in instances where he or she is dissatisfied with the resolution. The request for reconsideration should be made within ten (10) days to the Superintendent of Schools.
- The right of a person to a prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies such as the filing of an ADA complaint with the responsible federal government or agency. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies.
- These rules can be construed to protect the substantive rights of interested persons to meet appropriate due process standards, and to assure that the Baldwin County Board of Education complies with the ADA and implements regulations.

HOMELESS STUDENTS

Notification of Rights under the McKinney-Vento Act

The McKinney-Vento Homeless Education Assistance Act is designed to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school.

If your family lives in one of the following situations:

1. In a shelter, motel, vehicle or campground
2. On the street
3. In an abandoned building, trailer, or other inadequate accommodations, or
4. Doubled up with friends or relatives because of a lack of affordable housing

Then the school aged children in your family have a right to:

1. Go to school no matter where they live or how long they have lived there

2. Continue in the school they attended before the family became homeless, if that is the parent's choice and it is feasible
3. Receive transportation to the school they attended before your family became homeless
4. Participate in school programs with children who are not homeless
5. Enroll in school without giving a permanent address
6. Enroll and attend classes while the school arranges for the transfer of any records or documents required for enrollment
7. Receive the same special programs and services as all other children

Inquiries concerning educational services for homeless students in this school system may be submitted to the district's social worker/Homeless Liaison.

Procedure to Resolve Parent/Teacher Disagreements

Occasionally academic or discipline problems may arise. School staff members are there to help resolve these difficulties. Frequently, a phone call or conference is all that is necessary. The school office will be happy to arrange for a teacher to call, or the school office will set up a conference with a school staff member.

- When a complaint concerns a policy or procedure at Oak Hill Middle School, the first step is to discuss it in conference with the principal of the school.
- If the problem is not resolved as a result of the conference with the principal, it may be appealed to the Superintendent of Schools.

Title I-Oak Hill Middle School Parent Involvement Policy

In support of strengthening student academic achievement, **Oak Hill Middle School** receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by section 1116(b) and (c) of the Every Student Succeeds Act (ESSA). The policy establishes the school's expectations for parent and family engagement and describes how the school will implement a number of specific parent and family engagement activities, and it is incorporated into the school's plan submitted to the local educational agency (LEA).

Oak Hill Middle School agrees to implement the following requirements as outlined by Section 1116:

- Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under Section 1114(b) of the Every Student Succeeds Act (ESSA).

- If the schoolwide program plan under Section 1114(b) of the ESSA is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the local educational agency.
- Be governed by the following statutory definition of parent and family engagement and will carry out programs, activities, and procedures in accordance with this definition:
 Parent and Family Engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) Parents play an integral role in assisting their child's learning
- (B) Parents are encouraged to be actively involved in their child's education at school
- (C) Parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child
- (D) Other activities are carried out, such as those described in Section 1116 of the ESSA

Parents Right To Know

In Georgia, all LEA schools are required to notify parents at the beginning of the school year of their 'right to know' the professional qualifications of the student's classroom teacher(s) and paraprofessional(s).

In compliance with the requirements of the Every Student Succeeds Act, parents may request the following information:

1. Whether the student's teacher

- has met the State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - is teaching under emergency or other provisional status through which state qualification or licensing certification criteria have been waived; and
 - is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

The staff of Oak Hill Middle School is committed to helping your child reach his or her maximum academic potential throughout their school career. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled and delivering quality instruction to your child.

Parents who wish to request information concerning their child's teachers qualifications may contact, in writing, the Baldwin County Personnel Office at 110 North ABC Dr, Milledgeville, Georgia 31061 for this information.

Section 504

Section 504 of the Rehabilitation Act of 1973, as amended, is designed to eliminate discrimination based on disability in any program or activity receiving federal financial assistance. This act requires that no qualified student who demonstrates (1) a physical or mental impairment, (2) that substantially limits, (3) one or more major life activities, (i.e. self-care, performing manual tasks, walking, seeing, hearing, speaking, breathing, working, learning, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, operation of a major bodily function, and communicating) shall be excluded from participation in, be denied the benefit of, or be subject to discrimination in any program or activity offered by Baldwin County School District (the "District").

Each student who is determined to have a disability under Section 504 has the right to an appropriate education to meet his or her individual educational needs as adequately as the needs of non-disabled students.

While services provided to qualified students are not required to produce identical results or levels of achievement with nondisabled peers, services must be designed to offer an equal opportunity to gain the same benefit within the least restrictive environment with non-disabled peers to the maximum extent appropriate.

If it is determined that a student is eligible for special education, special educational services will be provided under the Individuals with Disabilities Education Act (IDEA) through an Individualized Education Plan (IEP).

Family Educational Rights and Privacy Act

Under the Family Education Rights & Privacy Act, you have a right to:

- Inspect and review, within 45 days of a request, the education records of a student who is eighteen (18) years of age or older or those who are emancipated, your own educational records. Parents or eligible students should submit to the child's school principal a written request and identify the record(s) they wish to inspect. The child's school principal will make arrangements for access and provide notice of such arrangements.
- Request an amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write to the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.
- Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and the regulations promulgated pursuant to the Act authorize disclosure without consent. One exception, which permits disclosure without consent, is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member; a member of the school board; a person with whom the district has contracted to perform a specific task (such as attorney, auditor, or therapist); or a parent or student serving on an official committee (such as disciplinary or grievance committee). A school official

has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility. Upon request, the school district shall forward educational records without prior consent to another school in which the student seeks or intends to enroll.

- File with the United State Department of Education a complaint under 20 C.F.R. 99.64 concerning the alleged failures by the BCBOE to comply with the requirements of the Act or the regulations promulgated thereunder. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D. C. 20202-4605.

3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

1. Protected information surveys of students;

The principal will make arrangements for access and notify the parents or the eligible student of the time and place where the materials may be inspected.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under Georgia law.

The School District will develop and adopt as necessary policies and/or procedures in consultation with parents, regarding these rights as well as arrangements to protect student privacy in the administration of protected information surveys and the collections, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School District will directly notify parents of these policies and/or procedures at least annually at the start of each school year and after any substantive changes. The School District will also directly notify, such as through U.S. Mail or e-mail, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of

participation in the specific activity or survey. The School District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. The following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by the U.S. Department of Education.

Child Abuse and Neglect: Mandatory Reporting Requirements

The Baldwin County School District is committed to providing the best possible and most appropriate learning experiences for all children. Occasionally, there are factors in a student's appearance and behavior that lead to suspicions of child abuse or neglect. Georgia law requires that all educators and other school employees, including volunteers, report *suspected* abuse or neglect to the proper authorities in order that children may be protected from harm and the family may be helped.

School District policy supports Georgia laws in this regard and requires that all school staff report suspected or alleged abuse and neglect to the Department of Family and Children's Services and local law enforcement officials. At all times, the intent is to protect children from harm by providing services to maintain and strengthen the child's own family. Should you have questions regarding the information in this notice, feel free to discuss them with appropriate staff in your child's school.

Baldwin County School District **Student Discipline Code of Conduct** **2026-2027**

Students and parents should recognize their responsibility to know the contents of this Student Discipline Handbook and Code of Conduct handbook (hereinafter referred to as the “Code of Conduct”) and to ask faculty or staff members for any clarification. The Baldwin County Board of Education does not discriminate on the basis of race, religion, color, sex, sexual orientation, gender identity, age, national origin, handicap, or disability in its educational programs, activities, or employment decisions.

Why we have a Code of Conduct

It is the policy of the Baldwin County Board of Education (Board) that the school district maintain and implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rules. At a minimum, each code of conduct will include the following:

1. Standards of student behavior during school hours, at school related functions, on school buses and at school bus stops designed to create the expectation that students will behave in such a way as to facilitate a learning environment for themselves and other students. The standards should also be designed to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within this school district;
2. Behavior support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;
3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;
4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors that detract from the learning environment; and
5. All other specific requirements as set forth in any existing State Board of Education Rule or in Georgia law.

The principal is the designated leader of the school and in concert with the staff is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in this Code of Conduct the principal may undertake corrective measures, which he/she believes to be in the best interest of the student, and the school, provided any such action does not violate Board policy or school district procedures. The Superintendent fully supports the authority of principals and teachers in the school district to remove a student from the classroom pursuant to provisions of state law.

Statement of Purpose

The purpose of this Code of Conduct is as follows:

1. To ensure an environment for learning which is protected from interruption and harassment;
2. To provide information to students and parents about the school system's rules of conduct and possible penalties for violations of these rules;
3. To provide uniform administration of discipline in the schools; and
4. To inform students and parents of when and under what circumstances the Code of Conduct applies.

As noted, these rules are designed to notify students of the types and range of behaviors that are unacceptable. However, it may not specifically list every particular type of misconduct that is prohibited. Even though a particular type of misconduct is not listed as prohibited behavior, a student may nonetheless be punished for misbehavior that is criminal, threatens safety, or is substantially disruptive to the orderly operation of the school or the student learning environment.

When the Code of Conduct Applies

The rules contained in the Code of Conduct apply both during and outside normal school hours to students who are:

1. On school property, including at a designated school bus stop;
2. Off school property while attending a school-related activity, function, or event;
3. Using a school issued device;
4. In route to or from school or school related activities using district provided transportation;
5. Off school property but who engage in conduct which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to the health or safety of others, or which would disrupt the educational process; or
6. Off-school property but who engage in expressive conduct (e.g., text messaging, internet posting) which, the student promotes or distributes while the student is on school property or at a school-related activity, or which causes, or reasonably threatens to cause, a risk of material and substantial disruption to the orderly operation of the school.

What Students Should Do

Students are expected to demonstrate behavior which promotes learning and is appropriate under the circumstances whether during school hours, at school-related functions, on school buses, at school bus stops or when engaging in certain off campus activities. Students are expected to, at a minimum:

Participate Fully in the Learning Process: Students should report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.

Avoid Behavior That Impairs Their Own or Other Students' Educational Achievement: Students should know and avoid the behaviors prohibited by this Code of Conduct, take care of their books and other instructional materials, and cooperate with others.

Show Respect for the Knowledge and Authority of Teachers, Administrators, and Other School Personnel: Students must obey directions, use acceptable and courteous language, avoid being rude or disrespectful, and follow school rules and procedures.

Recognize and Respect the Rights of Other Students: All students should show concern for and encouragement of the educational achievements and efforts of others.

POSITIVE BEHAVIOR INTERVENTIONS & SUPPORTS

Positive School Climate

Baldwin County School District has a focus on implementing Positive Behavior Interventions & Supports (PBIS) district wide. Every Baldwin County school has developed an individual PBIS plan to ensure equitable practices in creating a positive school climate. The PBIS process is an evidence-based framework that assists school teams in implementing systems change. The primary goal of the PBIS framework is to help schools design effective environments that increase teaching and learning for all students. Through a problem-solving approach, the PBIS framework begins with examining and improving the entire school climate. Teams use data to examine the reasons behaviors are occurring and then implement changes and interventions designed to address the identified needs. PBIS is a preventative and proactive system of addressing discipline problems that includes fair and consistent discipline practices.

Interference with School Bus Operations- Level I

All code of conduct rules apply on school-provided transportation and at school bus stops. Students may not violate any direction of the school bus driver. Students may not disrupt the environment of the bus or bus stop in any manner, including but not limited to loud or boisterous behavior; failure to remain silent at railroad crossings; using emergency exits improperly; riding an unauthorized bus; disembarking at an unauthorized stop; throwing objects in the bus, or into or out of the bus; extending body parts or objects outside of the bus; drinking/eating/chewing gum; interference with District recording equipment; failure to wear seatbelts where fitted on buses, or unbuckling of seatbelts before reaching the destination, and failure to remain seated.

Additionally, students are prohibited from using items during the operation of a school bus in a manner that might interfere with the school bus communications equipment or the school bus driver's operation of the bus. These items include but are not limited to cell phones; pagers; audible radios; tape or compact disc players without headphones; mirrors; lasers, or flash cameras.

Violations of this rule, except as otherwise noted below, will constitute a Level I offense, and will require a teacher/student conference and parent notification and whatever other Level I consequences are deemed appropriate. Multiple and/or prior infractions of this rule could lead to elevated Level II or Level III consequences. Violations that constitute a Level III offense are required to be referred to the principal to determine the appropriate sanction.

Bullying/Assault/Battery on the School Bus. The parent(s)/guardian(s) of a student engaged in bullying, physical assault or battery on another while on the school bus (or while boarding or departing a school bus) shall, in addition to other discipline which may be imposed, meet with school district officials to form a bus behavior contract which shall provide age-appropriate progressive discipline. When an alleged assault or battery on a school bus driver occurs, the student must have a disciplinary hearing.

II. Chronic Disciplinary Problem Students

Consistent with the requirements of O.C.G.A. § 20-2-764-766.1, students may be disciplined as a “Chronic Disciplinary Problem.” Definition: “Chronic Disciplinary Problem Student” means any student who exhibits a behavior pattern which interferes with the learning process of students around him, and which is likely to recur. If a teacher or principal determines that a student is a chronic disciplinary problem student, then the principal will:

1. Notify the student’s parent or guardian as soon as practicable. The parent may be notified by a telephone call and by either certified mail or statutory overnight delivery with return receipt requested or first-class mail the student's parent or guardian of the disciplinary problem, .
2. Invite the parent to the school to observe the student in a classroom situation.
3. Give the parent an opportunity to schedule and attend a conference with the principal and/or teacher(s) to devise a disciplinary and behavioral correction plan. ()
4. If not already in the Response to Intervention (RTI) process, the student will be referred to Tier 3.

If a student is designated as a Chronic Disciplinary Problem Student on at least one occasion, the student will be referred for a disciplinary hearing prior to taking action for suspension or expulsion. The District will follow the disciplinary procedures detailed below in resolving these matters.

Before any chronic disciplinary problem student returns from an expulsion, long-term suspension or

short-term out-of-school suspension, the principal of the school to which the student is to be readmitted shall:

1. Request that the parent schedule and attend a conference with the principal so as to devise, update, or modify a disciplinary and behavioral correction plan.
2. At their discretion, invite a teacher, counselor, or other person to attend the conference. Failure of the parent to attend shall not preclude the student from being readmitted to the school.
3. Ensure that a notation of the conference is placed in the student's permanent file.
4. The RTI Process will be employed in the readmission process, documented, and a copy placed in the student's permanent file.

DISCIPLINARY ACTIONS & PROCEDURES

I. GENERAL PROVISIONS:

A. A student whose behavior repeatedly or substantially interferes with the teacher's ability to teach the class, and where such behavior violates this Code of Conduct, may be removed from that class and reassigned to another educational setting. In addition, punishment consistent with the rule violation may be imposed.

B. As part of the disciplinary process, the District will utilize, where appropriate, in light of the severity of the behavioral problem, student support services to help the student address behavioral problems, in addition to other disciplinary measures which may be imposed.

C. School administrators and teachers will follow a progressive discipline process whenever discipline is to be imposed. However, the degree of the discipline to be imposed for any violation, including the first times a student has committed a discipline infraction, will be in proportion to the severity of the violation.

D. School administrators and teachers will work together with, and seek the input of, the parents and guardians of students to improve and enhance student behavior. The school district recognizes the important role which parents and guardians play in developing positive behavior and academic performance.

E. The Principal and/or Designee has discretion to handle infractions as deemed necessary based on the individual circumstances. Any out-of-school suspension, in-school suspension, or detention is not subject to appeal beyond the school level. Students who are assigned in-school suspension, out-of-school suspension, long-term suspension, or expulsion from school may not attend or participate in any school functions or be on the home school campus without the principal's permission.

II. SPECIFIC DISCIPLINARY ACTIONS & PROCEDURES:

A. Detention: A student may be required to report either before, during, or after school hours to a specific school location and/or to a specific teacher or school official for a limited period.

Procedure: The parent/guardian must be notified in writing at least 24 hours before the detention. The notification must explain the reason(s) for the detention and inform the parent/guardian that necessary transportation will be their responsibility.

B. In-school Suspension: As an alternative to out-of-school suspension, in-school suspension may be assigned. In-School Suspension removes the student from the regular classroom and any

extracurricular activities for between one (1) and ten (10) days. The student will work on assignments from his regular class during the time assigned to in-school suspension.

Procedure: The principal or assistant principal will:

- 1) Tell the student, orally or in writing, the reason for the in-school suspension and give the student an opportunity to tell his/her side of the story;
- 2) Attempt to contact the parent/guardian by telephone to inform them of the in-school suspension; and
- 3) Within one (1) school day after the in-school suspension begins, send the parent/guardian notice by informing them of the reason(s) for the in-school suspension and of their right to discuss the details of their child's misbehavior with school officials.

C. Short Term Suspension: Short term suspension is suspension from school and any school related activity for between one (1) and ten (10) school days. The principal or assistant principal may, at his/her discretion, assign a student to either in-school suspension or out-of-school suspension.

Procedure: The principal or assistant principal will:

- 1) Tell the student, orally or in writing, the reason for the suspension and give the student an opportunity to tell his/her side of the story;
- 2) Attempt to contact the parent/guardian by telephone to inform them of the suspension; and
- 3) Within one (1) school day after the suspension begins, send the parent/guardian notice by informing them of the reason(s) for the suspension and of their right to discuss the details of their child's misbehavior with school officials.
- 4) A principal or assistant principal may suspend a student without notice of the reason for the suspension or an opportunity to provide an explanation if the student is intoxicated, under the influence of drugs, or where his/her presence otherwise poses a continuing danger to others or a disruption to normal school operations. In such cases, however, the informal hearing outlined above will occur as soon as practicable.

D. Long Term Suspension or Expulsion: Long term suspension means the student loses the right to attend school or participate in school activities for more than ten (10) consecutive days. Expulsion means the student loses the privilege of attending school or participating in school activities for the remainder of the grading period, remainder of the school year, or longer. Long term suspension and/or expulsion may only be imposed by action of the School official appointed by the Board of Education to sit as fact finder and judge with respect to student disciplinary matters (hereinafter referred to as the "Disciplinary Hearing Officer"), except as provided in cases where a tribunal is required, after the student has been afforded notice, opportunity for hearing, and other procedural rights prior to such expulsion or suspension becoming effective. Disciplinary Hearing procedures are detailed in Section 3 below.

Rights of Student Where Long Term Suspension or Expulsion is Recommended:

Procedure:

- 1) The principal or assistant principal will refer a student for long term suspension or expulsion to the Disciplinary Hearing Officer based on the level of consequence associated with the rule violation.
- 2) A hearing before the Disciplinary Hearing Officer will be scheduled as soon as possible but not later than ten (10) school days after the student has been removed from school, excluding school holidays.
- 3) If the hearing date is more than ten (10) school days after the student has been removed from school, and the delay in scheduling is not caused by the student or his parent/guardian, the student will be returned to the school at the end of the ten (10) day period unless, in the judgment of the

Disciplinary Hearing Officer, the student's return to school would create a danger to the others or would disrupt the normal operation of the school.

4) Written notice will be sent to the parent/guardian by regular mail. This notice will inform the parent/guardian of the following:

- the violation alleged;
- the date, time, and place of the hearing;
- the names of potential witnesses, which may be supplemented up until the time of the hearing;
- the punishment recommended; and
- the procedure to waive their right to a hearing.

In addition, the notice will inform them of the following rights:

- The right to written notice of the specific charges which have been made against the student;
- The right to a due process hearing;
- The right to be represented by legal counsel at the hearing;
- The right to testify and present witnesses; and
- The right to cross-examine witnesses who testify against the student.

5) A verbatim electronic or written record of the hearing will be made and will be available to the parent/guardian or legal counsel of the student charged.

6) If long term suspension or expulsion is imposed, the parent/guardian will be notified of the decision in writing and of the right to appeal. This notice will be sent by regular mail within ten (10) days of the completion of the hearing.

7) If the discipline decision is appealed, as further explained below, the Superintendent may in his/her discretion temporarily withhold implementation of the suspension or expulsion and return the student to school during the appeal process, but only if this will not endanger others or disrupt normal school operations.

III. DISCIPLINARY HEARINGS

Hearings will be held as noted in this procedure and/or as required by applicable authority. Any recommendation of long-term suspension/expulsion/ alternative school will result in a hearing being scheduled for a student. The hearing should be held within ten (10) school days after the first day of suspension. Students are expected to adhere to the school and District dress code while attending any disciplinary hearings.

While a student is out of school pending a discipline hearing, they will be provided appropriate, grade-level instructional material pending completion of the hearing. Additionally, students will be provided opportunities to submit assignments for grading as appropriate.

- **Hearing Continuance.** The student's parent/guardian/representative/attorney/student aged 18 or older may request a continuance of the hearing from the Superintendent's Office. Continuances should be requested in writing and no later than 24 hours in advance of the scheduled hearing date and time. Extenuating circumstances should be presented to the Superintendent's Office for approval. If a continuance is requested or caused by the parent/guardian/student aged 18 or older/student's representative, the student will continue to serve his/her recommended school level discipline (ISS or OSS) during the time of the continuance and until the hearing is conducted and the Hearing Officer has rendered a decision. Additionally, students will continue to receive grade-appropriate instructional materials during the time period of any continuance.

- **Waiver of Hearing:** A waiver is an agreement not to contest whether a student has committed an infraction of the Code of Conduct and the acceptance of consequences in lieu of a hearing before a disciplinary tribunal. If the student's parent/guardian/representative/ attorney/student aged 18 or older waives the hearing, they may do so by requesting a waiver from the District/school prior to the notified date and time of the hearing. If no waiver request is received, or if the hearing may not be waived by the student's parent/guardian/ representative/attorney/ student aged 18 or older, the hearing will be held as scheduled, whether the student/parent/guardian/representative/attorney chooses to participate.

- **Record of Proceedings:**
 - A verbatim record of the hearing shall be made and shall be available to all parties upon request. The District shall bear the cost of recording. Parents/guardians/student's legal counsel may request a copy of the recording.
 - A written transcript will be prepared by the District if the Board so requests; or if the decision of the Board is appealed to the State Board of Education. If a written transcript is not prepared by the District, the parent/guardian/ student may obtain a written transcript at their own expense.

- **Burden of Proof:** The burden of proof is a preponderance of the evidence (more likely than not) and shall be on the school.

- **Legal Representation/Involvement of an Attorney at the Disciplinary Hearing:** If an attorney represents the student, the Board attorney may be present. The Board attorney shall advise the Hearing Officer, as necessary. The student/parent/guardian must notify the Superintendent's Office not less than 2 school days prior to the hearing if an attorney may represent the student. Failure to give such notice can result in the hearing being continued so the Board's attorney may be present.

- **Presentation of Evidence:** The evidence for the school and student/student representative (if present) shall be presented to the Hearing Officer. The administrator representing the school, the Board attorney, the student's representative, the Hearing Officer, and the Hearing Facilitator are entitled to question witnesses about any matters which are relevant to the charges against the student or the appropriate discipline. The Hearing Officer or Hearing Facilitator has the authority to limit unproductively long or irrelevant questioning.

- **Procedural Objections:** Objection to the sufficiency of the notice and/or other procedural objections shall be waived unless written notice thereof is filed with the Superintendent's Office no less than 24 hours prior to the time the hearing is scheduled to begin. The hearing may be postponed until such defects have been removed or remedied.

Notwithstanding any language in this Code of Conduct, Hearing Officers will possess minimum qualifications as set by the State Board of Education and will receive initial training and ongoing continuing education as required by the State Board of Education.

The Hearing Officer will serve as the presiding officer and may rule on issues of procedure and admissibility of evidence presented during the hearing if no Hearing Facilitator is present. A Hearing Facilitator, if present, may serve as the presiding officer and may rule on issues of procedure and admissibility of evidence presented during the hearing.

The Disciplinary Hearing Officer after conducting the hearing and receiving all evidence, shall render a decision based solely on the evidence received at the hearing and shall determine what, if any, disciplinary action shall be taken. Such action may include, but is not limited to, assignment to alternative school, short-term suspension, long-term suspension, expulsion, or permanent expulsion.

IV. APPEALS

A. Pursuant to O.C.G.A. § 20-2-754, a student's parent/guardian may appeal the decision of the Disciplinary Hearing Officer to the Board of Education by filing a written notice of appeal within twenty (20) calendar days of the date the decision is rendered. **This request must be received within twenty (20) calendar days of the date of the hearing.** Only written appeal submissions received within the 20-day deadline specified in § 20-2-754 will be considered. No party requesting an appeal may submit additional arguments or materials for consideration by the Board after the 20-day deadline specified in § 20-2-754 without leave of the Superintendent or designee. The written request for review of the Disciplinary Hearing Officer's decision shall be addressed to the Superintendent of the Baldwin County School District at 110 North ABC Street, Milledgeville, GA 31061.

B. The Board of Education will consider only the record of the hearing before the Disciplinary Hearing Officer. A transcript of that hearing will be made only upon receipt of a letter of appeal to the superintendent. A copy of that transcript will be made available in the office of the Disciplinary Hearing Officer upon request. If a copy of the transcript is desired, the parent/guardian must pay the cost of preparing that copy.

C. The Board of Education has the power to affirm, reverse, or modify the decision of the Disciplinary Hearing Officer. The Board of Education shall render a written decision within ten (10) days, excluding weekends and public and legal holidays provided for in O.C.G.A. § 1-4-1.

D. The decision of the Baldwin County Board of Education may be appealed to the State Board of Education. Notice of any such appeal must be filed with the Superintendent of the Baldwin County Schools within thirty (30) calendar days of the date the Baldwin County Board of Education renders its decision. The contents of this notice of appeal and the procedure to be followed before the State Board of Education of Georgia is contained in O.C.G.A. §20-2-1160.

V. ALTERNATIVE EDUCATION SETTING

Where, as the result of a violation of the Code of Student Conduct, a student of middle or high school age is suspended for more than ten (10) days or is expelled, the Superintendent or his/her designee may, instead, permit that student to attend an Alternative Education Setting for the period of suspension or expulsion.

In addition, in the case of a student who chronically violates this Code of Student Conduct, even where individual violations are only minor violations, the Superintendent or his/her designee, upon recommendation of the principal, may impose long-term suspension or expulsion as a result from a disciplinary hearing. At the discretion of the Superintendent or his/her designee, that student may be

permitted to attend an Alternative Education Setting for the period of long-term suspension or expulsion.

VI. DISCIPLINE OF STUDENTS WITH DISABILITIES

Those students receiving services under the provisions of the Individuals With Disabilities Education Acts (IDEA) are entitled to certain disciplinary safeguards in addition to the same due process procedures given to regular education students. These disciplinary safeguards are described in detail in the District's Special Education Handbook which is available online. Nothing in this Code of Conduct shall be construed to infringe on any right provided to students pursuant to the federal Individuals with Disabilities Education Act, Section 504 of the Federal Rehabilitation Act of 1973, or the federal Americans with Disabilities Act of 1990.

VIII. STOPit Anonymous Reporting System

The Baldwin County School District is committed to providing a safe, secure, and supportive learning environment for all students. To help maintain safe schools, the District utilizes the **STOPit Anonymous Reporting System**, a confidential reporting tool that allows students to anonymously report safety concerns, bullying, cyberbullying, harassment, threats, weapons, substance use, vandalism, self-harm concerns, or any other behavior that may place students, staff, or the school community at risk.

Reports may be submitted through the STOPit mobile application or the secure web-based reporting portal. Students may include written information, photographs, screenshots, videos, or other supporting evidence to help school officials investigate concerns.

Reports are reviewed by designated school officials and, when appropriate, appropriate emergency responders or law enforcement. The goal of the system is to identify concerns early, provide assistance to students in need, and help prevent incidents before they escalate.

Students are encouraged to use STOPit responsibly and in good faith. Knowingly submitting false, misleading, or malicious reports is a violation of the Student Code of Conduct and may result in disciplinary action.

Accessing STOPit

Students and parents are encouraged to download the free STOPit mobile application to a personal smartphone or tablet.

The STOPit app is available for download from:
